## DESIGN FOR A FOUNTAIN PEN OR OTHER WRITING IMPLEMENT

**Kenneth S. Parker, Janesville, Wis., assignor to  
The Parker Pen Company, Janesville, Wis., a  
corporation of Wisconsin**

Application May 25, 1936, Serial No. 62,826

**Term of patent 7 years**

*To all whom it may concern:*

Be it known that I, Kenneth S. Parker, a citizen of the United States and a resident of Janesville, in the county of Rock and State of Wisconsin, have invented a new, original, and ornamental Design for a Fountain Pen or Other Writing Implement, of which the following is a specification, reference being had therein to the accompanying drawing, forming a part thereof, wherein

The figure is an elevational view of a fountain pen showing my new design. It is to be understood that the appearance of the fountain pen

from the back and either side presents substantially the same appearance as the view shown.

The dominant feature of my design for a fountain pen resides in the type of ornamentation shown thereon.

It is to be understood that my design may be embodied in such articles as fountain pens and mechanical pencils without departing from the spirit of the invention.

I claim:

The ornamental design for a fountain pen or other writing implement substantially as shown and described.

**KENNETH S. PARKER.**
