DESIGN FOR A PENCIL

David Kahn, Englewood, N. J.

Application October 14, 1943, Serial No. 111,355

Term of patent 14 years

(Cl. D74—24)

*To all whom it may concern:*

Be it known that I, David Kahn, a citizen of the United States, residing at Englewood, in the county of Bergen and State of New Jersey, have invented a new, original, and ornamental Design for a Pencil, of which the following is a specification, reference being had to the accompanying drawing, forming a part thereof, wherein—

Fig. 1 is a front elevational view of a pencil embodying my new design.

Fig. 2 is a side elevational view of the pencil; and

Fig. 3 is a top plan view of the pencil.

The design consists in the specific ensemble shown in the drawing the essential feature of which is the translucent end piece contrasting in color with the body member of the pencil, said end piece being of the particular configuration shown.

I claim:

The ornamental design for a pencil, substantially as shown and described.

DAVID KAHN.
