UNITED STATES PATENT OFFICE

143,176

DESIGN FOR A FOUNTAIN PEN

John N. Whitehouse, Camden, N. J.

Application June 8, 1945, Serial No. 119,966

Term of patent 3½ years

(Cl. D74—17)

To all whom it may concern:

Be it known that I, John N. Whitehouse, a citizen of the United States and a resident of Camden, in the county of Camden, State of New Jersey, have invented a new, original, and ornamental Design for a Fountain Pen, of which the following is a specification, reference being had to the accompanying drawing, forming part thereof.

Fig. 1 of the drawing is a front elevation of the fountain pen, with the closure cap in writing position, showing my new design.

Fig. 2 is a side elevation of the same, with the closure cap in writing position.

Fig. 3 is a rear elevation of the same, with the closure cap in writing position.

Fig. 4 is an elevational view of the nib end of the pen, looking in the direction of the axis of the pen barrel.

Fig. 5 is a front elevation of the pen, with the closure cap in carrying position.

I claim:

The ornamental design for a fountain pen, substantially as shown.

JOHN N. WHITEHOUSE.
